**WITTENBORG**

designed to last

# THE COFFEE YOU WANT

WHENEVER YOU NEED IT – WHEREVER YOU ARE

# 9100

## USER-FRIENDLY TOUCH SCREEN

There are many delicious drink choices available simply by touching the 10" HD screen.

## COFFEE EXACTLY TO YOUR TASTE

Espresso, cappuccino, caffe latte or a creamy hot chocolate - made just the way you like, simply by the touch of your finger.

## ELEGANT DESIGN

LED lights frame the Scandinavian elegance of the aluminum facia and help ensure that the machine is both user-friendly and energy efficient.

The 10" touch screen - offers a visual guide, making choices easier. The design and layout of the screen can also be fully customized to suit any environment.

The user-friendly interface lets you prepare a drink just the way you like it, allowing you to make changes to the strength and amount of ingredients for a fully personalised drink experience.

Separate delivery points: Coffee, chocolate, and mixed drinks on the left, and hot water on the right.

A light path in the cup area helps ensure that the cup is placed in the correct position and cup sensors are also present to ensure the machine only vends when it knows a cup is there.

The spacious delivery area with adjustable cup holders allows you to fill coffee pots or thermo jugs.

LED lights frame the cup area which enhance the overall look and feel of the machine.

## ADDED FEATURES FOR YOUR CONVENIENCE

The 9100 is a machine for the future and has been designed with a number of features like RSS feed which are available when the machine is connected to the internet.

## PAYMENT SYSTEMS

Payment system or freevend, that is your choice. The machine supports coin or cashless systems at the same time.

## EASY MAINTENANCE

The smart design of the machine, the colour-coding of internal parts, and the intuitive interface reduces maintenance time, optimizes operational costs and improves customer satisfaction.

## ACCESSORIES

- Base cabinet
- Black table top
- Coin payment kit
- IRDA kit
- Powder sensors for bean coffee and instant canisters

The elegant base stand enhances the design of the machine.
